Re: Electronic Hours of Service Training

Dear Mr. Brown,

As you know, Carrier is commencing an electronic Hours of Service reporting system.

We believe this system will be easy to use and beneficial to both the employees and Carrier. In an effort to assure this new system's success, Carrier will be offering training for employees. Carrier will allow a payment of one (1) hour at the time and one half rate for each employee who participates in the training; verification to be achieved via sign-up sheets maintained by management.

If you concur, please sign in the space provided.

Very truly yours,
